Kseniya Stoichykava

Junior / Trainee Frontend Developer

About me

Hi, I am a junior frontend developer with 1 year training hands-on experience. I am graduated from of the Yandex.Praktikum platform. Frontend is my hobby. I have a hankering for development. Now I'm looking for my first job (trainee).

Education

Marketing Manager

From September 2016 to June 2019 [Belarusian State Academy of Communications](#) Minsk

Work experience

Trainee Frontend Developer

From November 2020 to September 2021 [Praktikum by Yandex](#) Minsk, Remote

Experience:

- coding in HTML, CSS and JavaScript
- websites and web applications development
- working with a team and code-reviewers
- enjoyment of learning

Diploma Project – Movies

Stack: React.js, webpack, API, JS, express.js, MongoDB

It is a portfolio project that allows you to search movies from third party API by key words, create movies, create new users on the server, register / authorize users.

Lead Digital Marketing Manager

From April 2019 to August 2021 [OMA LLC](#) Minsk

Experience:

- writing HTML code (news pages, landings, articles), HTML emails
- preparation of technical specifications for the developer
- setting up contextual advertising (Yandex.Direct, Google Ads)
- organizing, controlling of advertising campaigns
- media planning, strategic marketing
- compilation of the semantic core
